PERSONAL PROJECTS

- Created a Responsive Web Design (RWD) of a furniture shop which can render or can be displayed on all types of devices by automatically adapting to the screen size whether it is a desktop, laptop or a smartphone.
- Made a Cricket game using Python Programming which is played using numbers against the computer which starts with a toss and lets the winner choose whether to bat first or ball first. It includes every possibility like no-ball and freehit.
- Created a sample Web page using Angular for Framework in which I have used Custom pipes, Services, Auth Guard to stop direct access of data, transferred data through URL and also used LazyLoading to make web page load faster.

SKILLS

- Python Programming
- HTML
- CSS
- JavaScript
- Angular

LANGUAGES

- English
- Hindi
